

# The KANSAI Guide

## Exciting Journey

- An inbound tourism site operated by the KANSAI Tourism Bureau, a wide-area cooperation DMO in Kansai. We provide one-stop service from information dissemination of various attractions to accommodation reservations in 10 prefectures of Kansai.
- With the development of Accommodation-Type Trip Zone / Plus One Trip, which the headquarters is focusing on, EC sales of original tour products are also in operation.
- You can watch many 8K videos produced by the headquarters and videos that won domestic and international awards at the 3rd Japan International Tourism Video Festival, which were screened at the reception of the G20 Osaka Summit.
- It is a site that focuses on foreign tourist perspectives, reflecting the results of surveys for foreigners, etc., in order to build an inbound site whose development is supported by foreigners.
